

A GREAT MEETING ON COLLEGE NIGHT

SPEECHES WERE MADE BY REPRESENTATIVES OF ALL STUDENT ACTIVITIES.

OLD TIME "PEP" RULES

"Runt" Hanson and Carl Tanner Prove Their Ability as Yell Leaders.

In the first informal meeting of the year, the old time "pep," for which A. & M. is so noted, was exhibited to the fullest extent. The best college band in the State of Texas furnished music for the occasion. The walls of the old chapel repeatedly rang with the echoes of A. & M.'s battle tune, "What Makes the Wild Cat Wild?" while some of the more prominent cadets delivered rousing speeches on engrossing subjects.

The opening address was delivered by Pat Olson, our baseball hero, who threw the ball that defeated Varsity last April. Pat's short speeches were given in such a tone as to instill "pep" and enthusiasm into every cadet.

Following Olson's address, L. V. Witcher gave a few important facts concerning the Student Farmer, which is published monthly by the Scientific Agricultural Association of the College.

Drink B. Milner, manager for the Architectural Year Book, was the next speaker. He told of the financial difficulties of getting out the book. This book deserves the support of the whole student body.

Our College paper, The Battalion, was represented by H. A. Jopling. "Jop" says we are going to have a great "Bat" this year, and we should help support the Bryan business men who help support the "Bat."

Haynes and Kaseley, editor and business manager respectively of the Long Horn, mentioned some new features of the Long Horn for the coming year. They also announced that one-half the proceeds of the Queen Picture Show for Saturday would go to the Long Horn.

Our old friend and yell leader, "Kike" Barraco, was back with us Friday. He gave a snappy talk of

about five minutes. The wisdom, "pep" and wit of Barraco is famous throughout the State. His talk was heartily enjoyed and cheered by every one. Gee! but it makes one feel good to hear a man like "Kike." That funny feeling that runs up and down the backbone, and that itching at the heart is "pep." Everybody had it Friday night.

The most uplifting activity of the school is the College Y. M. C. A. Mr. Moffett, president of the association, delivered a strong talk which should be of vital interest to each cadet.

Dr. Ehlinger made a serious break when he said he was glad to see so many students present this year. He previously said he cared not if only ten returned.

Col. T. F. Keasler made a strong talk on discipline.

President Bissell (Prexy) was called on for a five-minute talk. He responded and the corps showed their feeling toward him by giving him fifteen raps. (Really, there were fifteen thousand raps.)

Director of Athletics, W. L. Driver, made his first appearance before the corps. His fiery little speech put faith into every one. Head Coach Harlan and Assistant Graves also spoke. These three men form the best coaching trio to be found in the South. Their speeches were such as to put confidence into the students. With such coaches and our material, we are destined to defeat Varsity in November.

A. C. Bull, captain of "H" Company and manager of the football team, explained his method of selling athletic tickets, and urged every one who wishes to see the best football, basketball and baseball games in the Southwest to buy a \$6.00 ticket, thereby saving from \$5.00 to \$9.00.

Captain Johnnie Garrity, the notorious "Wild Irishman," was the next man to take the floor.

"Oh! where is the man
With soul so dead
Who does not cherish
What Johnnie said."

Other football players who spoke were Spencer, "Doc" Rawlins, Billie Collins, "Fish" Collins, "Dutch" Eschenburg, "Dutch" Ehler, Hugh Brooks, Jim Kindricks, "Fish" Wilson and Hans Eyle Runge.

"Runt" Hanson called on the corps for a free will collection to buy music for the band. The total collection was \$54.22 in nickels, dimes and pennies. Gentlemen, that is some collection—more than 5c each. If all the

College activities are as cheerfully supported by our presence, our spirit and our dimes as was the College Night meeting, we will make this the greatest College south of the Mason-Dixon line.—Battalion.

A GIRL CADET ENTERS OUR COLLEGE

STRANGE "FISH" HAS AT LAST INVADDED OUR SACRED ABODE.

WELCOME TO OUR MIDST.

Our School is No Longer Exclusively for Boys—How Soon Will It Be Classed as a Co-Ed?

For the first time in many years the college is to have a girl cadet. No longer can we say that this is an exclusively boys' school. The females have invaded our most sacred abode.

MISS BERNICE CARTER.

but we welcome them to our midst. It is a girl "fish" this time, a graduate of the Northeast Texas State Normal, who has had charge of the girls' home economics work for the past few years. She is no stranger by any means. She is very familiar with cadet life and its hardships and pleasures. Perhaps the proximity of the N. T. S. Normal to the College of Industrial Arts at Denton is partly responsible for the love for A. & M. that developed in the young woman's heart some three years ago. At first she had to be contented with merely residing on the campus, and conducting her work in co-operation with the Ex-

tension Service. But now she is to be a full-fledged freshe (we started to say freshman).

We are glad to have Miss Bernice Carter is a member of the '19 class.—Battalion.

WORLD'S HARVEST CALEDNAR.

Somewhere every month in the year harvesters are clicking. According to Farm and Fireside, the world's schedule for cutting grain is as follows:

January—New Zealand, Argentina.
February—East India, upper Egypt.
March—Egypt, Chile.
April—Asia Minor and Mexico.
May—Asia, China, Japan, Texas.
June—Turkey, Spain, Southern United States.
July—United States, Austria, Southern Russia, England, Germany, Switzerland.
August—Canada, Holland, Belgium, Denmark, Poland.
September—Scotland, Sweden, Norway, Siberia.
October—Northern Russia, Siberia.
November—South Africa, Peru.
December—Uruguay, Australia.
Then it all starts over again, beginning with New Zealand and Argentina. The United States exports harvesting machinery to all the countries named, and also many others.

THE HEAVEN THAT HORSES WOULD CHOOSE

In the current issue of Farm and Fireside appear the following statements of the kind of heaven horses would choose:

"In horse heaven the load in hot weather is made light.

"The driving is slow.

"The horse is watered very frequently if he is kept moving, but not just before he is to be allowed to stand.

"After he has had his evening's hay he is watered. How would you like trying to go to sleep after eating dry crackers without a cup of water?"

"His feet are bathed, but not his legs.

"If it is very hot he is sponged all over with water in which has been put a little vinegar; but the hose is never turned on him.

"He is never made to wear one of those horrid bell-shaped horse hats. If his stall is so hot that he sweats at night, he is tied outside, well bedded down. This gives him a chance to regain strength for the next day's work.

"Such a horse heaven may be established on almost any farm."

FAIR NOTES

The Brazos County Fair will be held in Bryan this year instead of Dellwood Park, owing to the condition of the race track and the very short time in which to get things in readiness. However, arrangements will be made to take care of a large variety of livestock of every kind, poultry, etc., and exhibits. The list of amusements are numerous and the afternoons of October 13 and 14 will be lively. Good cash premiums are offered for winners in all contests.

Hon. Louis J. Wortham of Fort Worth has accepted an invitation to be present on the 14th and will deliver an address to the people of Brazos County on the court house lawn. Mr. Wortham is a very pleasing speaker and his appearance will be a treat to the community. Hon. Tom Campbell has been invited and will probably accept the invitation and be present to talk on this day.

Hundreds of dollars in premiums will be given for the best exhibits of various farm products and liberal cash premiums are offered to the boy corn growers of the county.

The baby show, which is confined to visitors outside the city, will also be worth looking up. Liberal cash premiums are offered in this contest which will be worth while.

The oldest Confederate veteran in the county and living outside the city will receive a \$5 bill. The only requirement is to register and furnish proof of age.

The man bringing to town the largest family on the last day will also get a nice little cash premium by making his possessions known to a committee who will make the award.

The amusements committee wanted to offer \$500 for the ugliest man in town, but this was abandoned. It was decided that Ed Crenshaw did not need the money.

Music will be furnished by the A. & M. College band for the occasion. Out of more than one thousand students this organization was able to get a first-class lot of music makers this year.
